Challenge Success, a program out of Stanford University that focuses on the well-being of students in a tough academic environment, is hosting a parent workshop on Feb. 24th entitled “The Well-Balanced Student.” If you are interested, click [here](#) to register for the event. The cost is \$10.

Description of the workshop:

When we are too focused on grades and performance, we deny our children the time and energy they need to tackle the demanding work of growing up. In this presentation, you'll learn how you can establish a healthier home environment for your school-aged child, reduce academic stress without sacrificing achievement, and increase your child's resilience, creativity, and well-being. Participants will examine the tension that parents, students, and teachers often experience during remote and in-person learning over issues such as homework, grades, and the culture of competition

OCAD Team – Freshman or Sophomore students, if you are looking for an academic challenge that looks good on your college applications, plus builds college and life skills, then please email Mrs. Dato: adato@pylusd.org for more info!
